

COUNCIL MARKS 2 MI. OF STREETS FOR SURFACING DURING SUMMER

More than two miles of highway in Gettysburg is to be resurfaced or built during the year, the borough council decided at its meeting Monday evening.

The total of 12,500 feet of road renovation, 2,080 feet of new construction and 10,480 feet of resurfacing compares to about 11,000 feet of work completed last year.

There was a possibility that some of the planned work may not be done this year but may be put off until next year. The Highway Committee and borough engineer were instructed to do "the most needed work first" and then "if the money runs out, hold off the least important until next year."

Name Street For Policeman

Two of the streets to be built, both ordained Monday night, are in the Colt Park Development area. One is Highland Ave., which was extended 601.85 feet south of Queen St. The other was Culp St., named Monday evening for Borough Officer Charles W. Culp Jr. The street, 605.4 feet in length, extends from Steinwehr Ave. at Officer Culp's home, to the new extension of Highland Ave.

With the naming marking probably the first time in the borough's history that a street was named for a living resident, councilmen, fearful of establishing a precedent, pointed out "as far as that (a precedent) is concerned we have Culp's Hill," as Councilman John Fox put it. Thus it appeared that any requests to name other streets for local residents would probably find council claiming Culp St. was named for Culp's Hill. Construction of Culp St. this year depends upon the speed with which curbing is laid along its length.

Other Street Work

The new streets will each be 50 feet wide with a 30-foot road surface and a ten-foot sidewalk on each side.

Other highway work approved for the coming warm weather season included: resurface E. Middle St. for 2,900 feet, from Baltimore St. to Fifth; stone the alley to the south of Hanover St., between Fifth and Sixth St., to the road to the disposal plant; resurface the 400 feet of E. Water St. from N. Stratton St. to the bridge over the Tiber; seal the 400 feet for Barlow St. east of Stratton St.; resurface and build up the intersection of W. Lincoln Ave. and College Ave., on the south side to the Gettysburg College entrance, with the college to make the necessary repairs at its entrance; resurface the 950 feet of Howard Ave. from Buford Ave. to W. Middle St.; resurface the entire 800 feet of Seminary Ave.; complete building Howard Ave. from the Brown residence to Princess St., and place screenings on Princess St. to Ridge Ave., a distance of 250 feet; resurface the alley to the rear of Franklin St. past the Blosser Baby Shoe Co. plant to W. High St., a distance of 180 feet.

South, S. Stratton, E. High on List

Resurface the alley from Breckinridge St. to the Cullison garage and build the alley east to S. Washington St. from Cullison's garage, distance of 300 feet; build the alley from the Winebrenner alley to South St., a distance of 180 feet.

Shut Off Water In Bendersville

Water supply to the consumers of Bendersville will be shut off for three hours Wednesday afternoon, Clyde Orner, secretary of the Bendersville council, said today.

The shut down was announced to enable workmen to install a new fire plug which had been broken off some time ago by a motorist. The delay in repairing the damage was due to a delay in the shipment of the new hydrant.

Is Fined \$15 For Speeding On Avenue

John F. Spangler, Emmitsburg veterinarian, was fined \$15 by U. S. Commissioner Edward B. Bulleit Monday afternoon after pleading guilty to a charge of driving 60 miles an hour on W. Confederate Ave. between the Virginia State monument and the Fairfield Rd. on March 9 about 9 a.m. The charge was brought by a National Park guard who followed Spangler in a park car with a tested speedometer.

RECEIPTS FROM PARKING METERS UP TO \$2,473.29

Parking meter receipts increased during March, reflecting the beginning of the tourist season, according to the report of Borough Treasurer John H. Basehore presented at Monday evening's meeting of borough council.

The meters netted \$2,473.29 last month compared to \$1,870 in February. Expenditures continued to slightly exceed income. The borough, however, has a large balance.

Income during the month was \$8,220.81, including \$2,700.52 from the Pennsylvania Fire Insurance tax, \$1,136.87 from Burgess William G. Weaver from parking violations, permits, etc., \$1,875 from Pennsylvania liquor licenses, \$20 in fines collected by Justice of the Peace John H. Basehore, and \$15.13 from the tax collector, J. Herbert Weikert.

\$8,879.37 Expenditures

Expenditures totaled \$8,879.37, or about \$600 more than income. Among the outlays were \$640.26 for general government, \$2,790.91 protection to persons and property, \$50 for health and sanitation, \$2,229.22 highway, \$1,600 miscellaneous, \$1,568.98 for light.

The town started the month with a balance of \$38,125.84 and thus was able to end March with \$37,467.28 in the bank.

Burgess Weaver's report showed collections of \$511 parking fines, \$22 for six building permits, \$60 for two digging permits, \$532.87 theater tax, \$5 theater license, \$3 for three guide (Continued On Page 2)

DEDICATE DAY CARE CENTER; SCHOOL OPENS

State and county welfare officials formally dedicated Gettysburg's day-care center for mentally retarded children Monday evening and this morning at 9 a.m. five youngsters attended the opening class culminating nine months of "preparation, perspiration, and prayer."

The initial class of "trainable but not educable" Adams County children—sleeked up and excited as any first day students, met from 9 a.m. to 12 noon in the Primary Department of the Presbyterian Church.

Mrs. J. Clare Routson, 136 Hanover St., part-time county elementary school teacher, is the instructor. She said that classes for the first two weeks will continue the same hours "until an adjustment to the routine has been made."

The Gettysburg day-care center, an organization which flowered because a crusading group of Gettysburgians sought to provide mental retardates the same opportunities afforded those afflicted with physical infirmities, is the 31st development of its type in Pennsylvania.

Cites 3 Advantages

In a dedicatory address before 50 persons in a ceremony held in the basement of the church school building, William T. West Jr., Pennsylvania supervisor of Day Care Centers, lauded the citizens responsible for the fruition of a project "intended for a specific element of retarded children—the so-called 'untrainable.'"

West cited three advantages of a day-care center as: "training, social adjustment for the child, and improvement of the mental hygiene of the retardate's family." He said the students "will never learn (Continued On Page 6)

WILL PROBATED

The will of C. Fred Keffer, late of McSherrystown, was entered for probate, Monday afternoon, in the office of the county register and recorder. Papers naming the Rev. Roy Keffer, New Cumberland, and Rose L. Keffer, McSherrystown, as executors of the \$5,050 were granted.

Store Opens With Replenished Stock

The Gettysburg A & P store, closed since March 22 because of the strike of bakers in Baltimore which also affected more than 100 other stores in a five-state area, will reopen Thursday morning with regular store hours from 9 a.m. to 6 p.m.

Ross A. Schriener, manager, said today that the usual weekend store hours of 9 a.m. to 9 p.m., Friday, and 8 a.m. to 9 p.m., Saturday, will be observed. He said that the store will reopen with fresh items of produce, meats, and a replenished stock of dairy products.

A contract dispute between the A & P grocery chain and its AFL bakery employees cut deliveries of supplies from the warehouse to its stores at the close of business hours, March 20. At that time the more than two-week old strike was foreseen as only of a "temporary" nature.

STORM SEWER ON BUFORD AVE. WILL BE BUILT

Borough Engineer Leroy H. Winebrenner was authorized by Council at its meeting Monday night in the Engine House to proceed with the construction of a new storm sewer on Buford Ave. to alleviate conditions at the railroad crossing. Councilmen said the crossing "acts as a dam" during heavy rains, causing a flooding of Buford Ave. The approval given Winebrenner was contingent upon the start of work by the State Highway Department and the Reading Railroad. The project is to be paid by the railroad, borough and highway department.

Council decided that the taxicab owners will have to replace a cab sign post.

A letter from Miss Amy Ross, North Washington St., asking council to have a number of sidewalks repaired was turned over to the highway committee. The letter also suggested: "All dog owners to have toilets on own grounds."

Councilman Mahlon P. Hartzell inquired whether the town has an ordinance against dogs running at large in the borough. He was told there was no ordinance against it. Winebrenner said the state law provides that "if you catch the dogs and look at the license you can find the owner." Hartzell added, "But they're so hard to catch."

SAYS GENEVA MEETING WILL SET WAR DATE

"Indochina is more important to the free world than Korea, for if Indochina falls to the Communists, all of Asia will become Communist," Philip Johnson, instructor in political science at Gettysburg College, told the local Rotary club at its meeting Monday evening at the YWCA.

He also said, "The only results of the Geneva conference this month will be to set the approximate date for World War III."

Johnson said his predictions were based on reports presented at the fifty-eighth annual meeting of the American Academy of Political and Social Sciences held Friday and Saturday at Philadelphia. Speakers at that session presented the viewpoints of their respective nations.

Will Call On U. S.

"The United States will be called upon to play a more active part in the war in French Indochina after the failure of the Geneva conference," Johnson said. "Pierre Millet, counselor for the French Embassy, told the group that France in Indochina is fighting only for the freedom of the three states there. Already they hold nearly all power within their domains and the final turning over of all power to the cessation of the present fighting three nations awaits only the against the Communists."

Johnson said, "At the same time Alfred Jenkins, U. S. officer in charge of eastern political affairs, and Arthur H. Dean, former special ambassador from the U. S. to Korea, said that the United States will not give Red China what it wants at the Geneva conference—recognition, a place on the United Nations and cessation of the trade embargo."

President John D. Teeter presided at the meeting with 61 in attendance. Dr. Kenneth Smekle led group singing. Dr. Jacob Heikinen was pianist. The speaker was introduced by Lt. Col. William Lipsey.

MAY PUT BLACK TOP ON COURTS AT REC. FIELD

Councilman Mahlon P. Hartzell asked Council, at its meeting Monday evening in the Engine House, if the borough could place black top on the tennis courts at Recreation Field and the Recreation Board reimburse the borough for the work, which he said would "cost about \$500 to \$600." He was instructed to obtain formal passage of a request from the Recreation Board and submit it at the next meeting of council.

A Glenn Mower, senior research assistant of the Pennsylvania Historical Committee, discussed the possibility of placing several additional historical markers in Gettysburg similar to the one on Lincoln Square for the Wills House. The matter was turned over to the highway committee with power to act.

Also turned over to the highway committee for a report next month, was a request for surfacing and ordination of an alley off Carlisle st., at the Jacobs Brothers properties.

Receive Bids

Bids for tar and stone were accepted by the council. Only one bid was submitted for tar, and that by the Service Supply Corporation of York, which bid .198 cents per gallon, an increase of .004 cent over last year. Service Supply had furnished the tar last year. The town uses 10,000 gallons of more during the year.

John S. Teeter and Sons submitted the only bids for stone, based on the purchase of 500 tons, more or less. The price was listed as \$1.35 per ton from Bittinger's and \$1.65 per ton from Fairfield. Winebrenner said the amounts were the same as the bid last year. The borough hauls its own stone from the quarries.

COUNCIL TAKES NO ACTION TO BAR TRAILERS

Because there is no ordinance against permanently placing a trailer in Gettysburg, a permit will be issued for the installation of a trailer home on Queen St.

Burgess William G. Weaver told council Monday evening he will issue the permit today. He had delayed the issuance, he said, until after he had brought the matter to council's attention.

Council gave no indication that it plans to establish a zoning ordinance for the borough. In a general discussion most members seemed of the opinion that zoning ordinances "bring a lot of litigation," as Solicitor Eugene V. Bulleit phrased it.

Will Be Taxable

The 40-foot trailer which is to be connected to the borough sewer, water and light facilities, will become taxable as a dwelling as soon as it is permanently connected to the utilities, councilmen said.

Councilmen also held, as expressed by John Millard: "There have been no formal complaints against the placing of the trailer and the neighborhood (Please Turn to Page 5)

School Board Gives Tentative OK To New Budget; Would Add 10 Mills And \$10 Per Capita Levy

A \$240,000 school budget for Gettysburg borough that makes provision for state-mandated, \$200 salary increases for teachers and provides \$60,631 for new school buildings already underway or in use was given a preliminary okay by the Gettysburg school board Monday evening.

Decision on final adoption of the budget will come next month when the board will set the tax rate.

In its present form the budget for the 1954-1955 school year calls for a real estate levy of 35 mills and a per capita tax of \$10. If adopted, the rate will mark the first school tax boost here in five years.

No Per Capita Since '38

The present school tax rate is 25 mills and there has not been any per capita tax for school purposes in the borough since 1938-39. It was dropped then because of the difficulty in collecting it.

The increase in instructional costs—chiefly teachers' salaries—will total an estimated \$27,000, the biggest jump in the budget is in the rental payments to the Gettysburg School Authority on the cost of new buildings.

Those payments will jump from \$20,691 this year to \$60,631 in the year beginning July 1. Those rentals cover payments yet being made on the cafeteria-shop section of the high school, the new north wing being erected at the high school and the new grade school building.

Reserves Gone Now

The total of the proposed new budget is only about \$20,000 more than that for the year that is ending. A tax increase in the current year was avoided only by using reserves that had been accumulated in anticipation of the new building program.

The 35-mill real estate levy would bring in \$116,887 while the \$10 per capita tax on the 4,000 taxables in the borough would be counted upon for about \$25,000. That figure is regarded as conservative and might go higher than the 65 per cent collection figure.

The board talked briefly about bringing in professional tax collectors to handle the per capita tax collection but decided against it for the coming year. If collections prove too difficult, that course might be followed later, it was indicated. The collector would give four months to pay and then proceed to collect with a \$2 penalty on delinquents.

Get \$11,000 Windfall

Real estate taxes in the current year are expected to bring in about \$82,000.

The current financial picture was brightened for board members by an additional \$11,799 received from the state as a bonus for being in a joint school district. The sum was due two years ago but was held up until a ruling was received entitling Gettysburg to the sum. That bonus boosts the balance the district expects (Continued On Page 5)

Local civic, fraternal, veterans and service groups have been invited to send representatives to tonight's meeting.

Tulsa, Okla. Calls Pontiac Firemen To Illinois Fire

PONTIAC, Ill. (AP)—Firemen in Pontiac got a telephone call early today from Tulsa, Okla., to put out a fire—not in Tulsa, but five miles north of Pontiac.

The fire was in a storage tank containing 150,000 barrels of crude oil at the Sinclair pumping station. Workmen at the station, however, couldn't make a telephone call to the fire department. Lightning, which started the fire, also disrupted telephone service to Pontiac, a city of 9,000 about 100 miles south of Chicago.

But it did not affect a direct telephone line to the company's headquarters in Tulsa, so a call was put through there and the fire reported. Tulsa relayed the call to the Pontiac Fire Department.

The fire was confined to the top and sides of the tank, and did not spread to six other tanks.

The Eyer car then struck the parked automobile of Woodrow D. Goheen, Felton R. 2, who was seated in the vehicle, police added. Goheen escaped injury.

Brown, according to Trooper Edwin P. Karr, who investigated for Pennsylvania State Police, was driving during suspension and faces arrest on such charge.

Police estimated damage to the Brown car at \$600; the Eyer automobile, \$1,000, and the Goheen car, \$100.

the defendant, Hazel S. Gaston, who claims a portion of the proceeds now accruing to the three remaining litigants.

Penn Mutual, through Attorney Donald P. McPherson, seeks to require the defendants to interplead respective terms and to prescribe the "manner in which and persons to whom" the policy proceeds are to be made while relieving the plaintiff of all liability.

It also asks that the defendants be disallowed from entering or prosecuting any action against the plaintiff.

Penn Mutual's petition claims it has withheld and accumulated acknowledged payments to the defendants pending determination of the conflicting claims and has given the sum thus accumulated to the court.

SEN. KERR SEES BOOST IN TAX EXEMPTIONS

By JOE HALL
WASHINGTON (AP)—Sen. Kerr (D-Okla.) said today his guess is that the Senate will approve a move he co-sponsors to cut income taxes by increasing personal exemptions of each taxpayer and dependent.

He said in an interview he hopes this action will be taken in the Senate Finance Committee but that, if it is not done there, he believes success will come on the Senate floor.

The Finance committee, on which the Oklahoman serves, opens

hearing today on a big tax revision bill to which Democrats hope to attach the income tax reduction. Backed By Ike
The Eisenhower administration strongly supports the revision bill, which would make assorted tax cuts totaling \$1,400,000 to business and individuals in its first year of operation. Just as strongly it opposes any new income tax slash.

Senate Republican leaders voice confidence they can beat the income tax cut as things stand now, citing indications that the business downturn is leveling off.

Democratic sponsors say it is too early to tell about the economic situation.

Both sides agree that the economic trend of the next two months probably will determine the outcome of the income tax fight in the Senate. The Finance Committee plans to end its public hearings April 23 and finish writing its version of the bill in May. It could be June before floor debate is finished.

Shirley Myers was the junior leader at the meeting of the Junior Fellowship of Centenary Methodist Church last evening. She led the group in a responsive prayer. Bible references of the Easter story in the gospels were read by the members. Richard Myers offered prayer and Lenten meditations were given by Shirley Myers and Mrs. Albert H. Miller, adult supervisor. A reading, "The Scarlet Line of Life" was given by Shirley Hedges. Phyllis Rimmel read the poem "The Cross." A selection was sung by a vocal trio composed of Phyllis Rimmel, Shirley Hedges and Barbe Miller. Mrs. Miller conducted the weekly Lenten study, which will be concluded next Monday. Ruth Myers will be the junior leader for the meeting next Monday at 6:30 p.m.

Plans were discussed for the group to enjoy an Easter program and social on Monday, April 19, 6:30 p.m., in the Sunday School room of the church. Following the devotion and business period last night, practice was held for the Easter program to be presented on Palm Sunday at 10:30 a.m.

William Benner discussed the topic "Person to Person Call" at the meeting of the Christian Endeavor Society of St. Paul's Lutheran Church on Sunday evening. The Scripture was read by Suzi Long, followed with the C. E. pledge in unison. During the brief business session, Patti Long was elected to be the leader for the meeting next Sunday at 6 p.m. The session closed with the C. E. benediction by the group.

"A BIG MAN"

A big man doesn't have to be a giant as to size... a truly big man must know when to talk or turn his eyes... a great man isn't one who fights when someone drops a hat... a truly good man must at times give in to this or that... a big man must know how to lose... when lesser humans win... he must be gay in spite of woe... to show he's genuine... he must be kind and tolerant... and honest all the way... and face the world with faith in God... to help him every day... he must have love within his heart... not hate or jealousy... and though his size may be minute... a real big man is he.

JEFFERSON PORTRAIT EDITED

JEFFERSONVILLE, Ind. (AP)—City officials sent to Indianapolis for a portrait of Thomas Jefferson and the picture was the central piece in a float for a progress parade. Then the new Thomas Jefferson School was opened. Officials obtained the same portrait to place on the walls, but it was never hung. A school official said it was good picture, not of Jefferson, but of Andrew Jackson and not too appropriate for the Jefferson school in Jeffersonville.

VIETMINH EASE WILD ATTACKS AGAINST FRENCH

By LARRY ALLEN

HANOI, Indochina (AP)—The French high command announced today the Vietminh had eased their fanatical charges at the battered defenses of Dien Bien Phu during the past 24 hours.

A terse French communique early today said that last night was "relatively calm."

But the French Union forces behind the barbed wire barriers and bunkered defenses continued to brace themselves grimly for renewed assaults.

French Planes Busy

French planes ranged throughout the night against the feeder coolies bringing in supplies from Red China. Thousand-pounders and delayed-action bombs were strewn along the road and mountain trails.

The French were bolstered further during the night by tons of supplies and ammunition parachuted to them from American-supplied transport planes.

The French kept a wary eye on the northwest corner of the fortress, where the fiercest of the rebel human sea assaults have struck recently. The French claimed "more than 1,000" were killed in yesterday's repeated assaults.

The French believed the enemy had concentrated on the weak point to attract all attention there while Communist Gen. Vo Nguyen Giap regrouped and reinforced his troops for new assaults at other points.

Gen. Henri Navarre, French commander in chief in Indochina, praised his forces and expressed the "utmost confidence in the success of their arms."

He said in an order of the day the courage of the defenders of Dien Bien Phu "will be an everlasting example" of heroism to the free world.

Flowers were placed in the chapel of St. James Lutheran Church Sunday morning by Mrs. Edward Beard, 41 E. Lincoln Ave., and Mrs. Margaret Wineman, 124 Springs Ave., in memory of their mother, Mrs. Samuel L. Wolf, who died four years ago today.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
FIFTY YEARS AGO

We are extremely sorry to announce in this issue that Dr. M. H. Valentine, editor of the Lutheran Observer, has declined the Presidency of Gettysburg College. Dr. Valentine is highly qualified for the position. He is a man who, had he accepted the Presidency, would have brought to the college a new lease of life, and would have made a record for the institution of which her alumni could well feel proud.

The Sick: Clyde Weaver, son of John Weaver, who has his skull fractured and leg broken in three places in a mill near Pittsburgh, is improving slowly.

Several of our contemporaries advise the breaking up of marble playing on our streets. This is possibly good advice, but there are other nuisances, such as loafing on corners, playing baseball on public thoroughfares, which should be broken up.

Another Smoke House Raided: On last Thursday night thieves broke into the smoke house of George Smith, in Reading township, and stole five nice hams and one shoulder. The thief gained entrance by pulling the staple out. He wore big boots or shoes and was traced to Kuhn's bridge where the thief had a team hitched and here the track was lost.

Lafean Renominated For Congress: There was an enthusiastic and influential gathering of Republicans at Adams and York Counties at Hotel Gettysburg on Monday. The gathering was occasioned by the meeting of Conferees from the two counties, who, without a hitch, nominated a candidate for Congress, two National Delegates and a Presidential Elector. All of this was accomplished in a most harmonious manner.

As was anticipated, Congressman Lafean was renominated without a contest. S. D. Mehring, of Littlestown, and James A. Dale, of York, were elected delegates to the National Convention, and Geo. L. Deardorff, of Latimore township, was chosen Presidential Elector for the 20th district.

No Bounty On Fox Scals: Judge Swope has handed down an opinion in the case of Henry Kump vs. the County of Adams, in which the plaintiff claimed the sum of \$1 and costs from the county, for one fox killed by him. Judge Swope declares the scalp act of July 9, 1887, unconstitutional, for the reason that the evil of the act does not set forth that the several counties of the Commonwealth are required to pay the bounties and fees provided by it, and he therefore directed Judgment to be entered in favor of the county.

This means considerable saving to the Co. and no little credit is due the Commissioner's attorney, Wm. P. Quimby, through whose legal efforts the test was made.

Time Limit Again Adopted: The Central Penn's Methodist Conference in session at Harrisburg last Friday after a hard fight adopted a time limit governing the retention of pastors in charges to which they have been assigned.

Local Miscellany: Easter fell on 3rd day of April this year. The last time that this occurred was in 1816, and will not occur again until 1983. The Y.W.C.T.U. will meet with the Misses McClean Thursday evening at 6:30.

George Chritzman, our new jeweler, has had erected an electric sign which, giving correct time, erected in front of his place of business at the Wierman Building, Baltimore Street.

One of the improvements to be made at Pen-Mar park during the coming season is a miniature railroad.

The employees of this office return their thanks to Mrs. Guyon H. Buehler, for a bountiful supply of delicious cake and a number of Easter eggs.

The bowling contest between teams composed of students of Mt. St. Mary's College and local bowlers of this place, which took place at Xavier Hall Monday, resulted in a victory for the latter.

Today's Talk

INTELLECTUAL INCOME
Anyone with no money income at all is in bad circumstances. Applied to the mind it is even worse, for with nothing going into the mind each day, and through-out the years, we would be but mental bankrupts! Just imagine living for years without a single thought of an uplifting or inspiring nature entering the mind.

We speak of a person as being alive in mind and outlook. It's because he or she has an income of ideas and new discoveries forever contributing to the mind, giving him or her mental health and stimulating joy. The only genuine wealth in this world is what we gain from knowledge and of new information. The organization of the YMCA has as its motto: "Mind, Body and Spirit." These three are the source of all intellectual income.

A mere millionaire is no match for a wealthy mind. An investment in a bond or stock pays only at set intervals, but the income from a well-stocked mind pays dividends every single day of one's life! Such an income is a stream of wealth. Remove the scholarship of the world and what would all the millionaires amount to? Who would care for their offerings alone? You can't buy a rich mind. No one wants to dispose of it!

I have some thirty or so of the books by Somerset Maugham. I like to read them. They give me a sense of joy and stimulate my mind. Each one I read adds to my intellectual income. I am sure they will remain as an asset to all those who love such books as Maugham has written. The same thing may be well said of many another writer. Books that last keep paying a greater income. Who can adequately estimate the intellectual income offered by the writings of Shakespeare, or of the Bible?

An intellectual income doesn't fluctuate, except upward, for once you have knowledge, no one can take it from you. It's yours, "to have and to hold"—forever.

Tomorrow Mr. Adams will talk on the subject: "Have a Hobby."

CRISIS

There are moments of terror and dread
Which rob us of reason and sense;
Into every man's scheme, into every man's dream
Comes the time when the struggle grows tense
And the thing you would do with a grin,
With nothing at stake on the shot,
Is not easy to do when the prize that's in view
Hangs on whether you make it or not.

The test of the game isn't skill,
But how do you stand to the strain?
When your skies are all fair you have courage to spare,
But how do you battle the rain?
And what of that moment of doubt
When to falter means failure for you?
With your nerves in control, can you go for your goal
And prove what you're able to do?

It's the crisis which makes you or breaks.
It's that difficult time of suspense
When the end is in doubt and you're fighting it out
With nerves that are tingling and tense.
Then if your hand trembles you lose,
And you fail if your eye be not true,
For all the cunning is vain when you come to the strain
If you're not the master of you.

CHURCHILL IS LAMBASTED FOR NEW CHARGES AGAINST ATTLEE

LONDON (AP)—Even Conservative newspapers lambasted Prime Minister Churchill today for his charge that Clement Attlee's Labor government threw away Britain's wartime exchange of atomic secrets with the United States.

The nominally independent but usually pro-Conservative Times of London said yesterday's House of Commons debate on the hydrogen bomb "degenerated into a sterile, angry and pitiful party wrangle—and the responsibility was the Prime Minister's."

The Liberal, middle-road News Chronicle said the showing of the 79-year-old government chief in the House may foreshadow his early resignation from office, something many observers have predicted would happen this year.

Bitter Partisan Fight
The bitter partisan fight in the wake of Sir Winston's charge generally obscured the action of the House, which on a voice vote called on Churchill to take "immediate initiative" in seeking a face-to-face conference with Soviet Premier Malenkov and President Eisenhower. But the Laborites did not challenge the government's stand that the timing of such an approach should be left to it.

Churchill put the House in an uproar with his charge that it was the "responsibility or misfortune" of Attlee's 1945-51 government that a hitherto secret 1943 agreement for British-American atomic cooperation was no longer in effect.

Under the accord, reached at their Quebec conference in August 1943, Churchill and the late President Roosevelt set up the two-nation agency for development of the atomic bomb and agreed that neither would use atomic weapons against a third nation without the other's consent.

Attlee Angry
Attlee, seething with anger and backed by a continuous Labor chorus for Churchill to "withdraw" resign! replied that the wartime agreement had been terminated by Congress' adoption in 1946 of the McMahon Act, which forbids sharing of U. S. atomic secrets with foreign governments.

Churchill snapped back that the act's author, the late Sen. Brien McMahon (D-Conn.), had told him later that the atomic secrets law would not have been written had he known of the secret agreement. Attlee, Churchill implied, should have let McMahon know about the agreement.

In Washington, the White House confirmed that the secret agreement had been made in 1943 but emphasized it is "not in effect at the present time."

The Conservative Daily Telegraph called it "a pity" that Churchill "should have tried to fix the blame on Mr. Attlee" for post-war lapsing of the British-American atomic cooperation.

PIERRE DUPONT DIES AT 84; WAS BIG INDUSTRIAL MAN IN 2 FIELDS

WILMINGTON, Del. (AP)—Pierre Samuel du Pont, dean of the famed chemical family and a major figure in the development of two of the world's largest industries, died last night. He was 84.

Du Pont, who took an active part in the Du Pont empire even after his announced retirement in 1940, was stricken with a severe abdominal pain shortly after dinner at Longwood, his estate at nearby Kennett Square, Pa.

Rushed to the Wilmington Memorial Hospital, Du Pont died of what physicians described as an aortic aneurysm (rupture of a main blood vessel).

Ex-President Of GM
A younger brother, Irene, and his sister, Mrs. R. R. M. Carpenter, were at his bedside. They are Du Pont's only immediate survivors.

Du Pont, who shunned publicity and seldom made public appearances, was a former president and board chairman of E. I. du Pont de Nemours & Co. He also served as president of General Motors Corp. for three years.

Pierre was the great great grandson and namesake of a political refugee who fled to America from France in 1799. His father, Lammot du Pont, was a noted inventor and authority on explosives who founded one of the nation's first dynamite plants, the Repauno Chemical Co. near Gibbstown, N. J. He was killed by an explosion of nitroglycerin when Pierre was 14. Pierre then took over the leadership of the family as the eldest of 11 children.

Graduate Of MIT
A noted philanthropist who once built an \$800,000 hospital in memory of his chauffeur, Du Pont was a graduate of the Massachusetts Institute of Technology. Shortly after his graduation in 1890 he collaborated with a cousin in developing the first successful Du Pont smokeless powder.

side hands in 1952, Pierre du Pont and two cousins purchased the firm and organized the present corporation.

Lived Alone 10 Years
Under Pierre du Pont the company expanded from powder into a varied field of chemical products. It developed nylon, which revolutionized women's hosiery, cellophane and some 1,000 other products. Du Pont's sales exceeded a billion dollars a year.

Du Pont lived alone with servants at his Longwood estate after the death of his wife, the former Alice Belin of Scranton, Pa., in 1944. They had no children.

Funeral arrangements have not been announced.

IKE HAS TOUGH TIME WITH HIS "FIRST PITCH"

By BEN PHLEGAR
AP Sports Writer

President Eisenhower is having a tough time with the traditional presidential job of throwing out the first pitch of the baseball season.

Last year he begged off to play golf only to wind up pitching anyway when the Washington opener was delayed by rain until late in the first week of the season.

This year he agreed to make the first pitch April 13. But it will be the first pitch only in Washington. Weather permitting, the rest of the major league teams will be off and running before then.

Shantz Shines

Instead of scheduling a separate opener in the nation's capital a day ahead of the rest, the majors this season designed a full round of activity for the first day. And in Washington the game with the New York Yankees went on until 3 p.m.—a full 30 minutes later than any of the other seven games.

The first action in a major league park comes tomorrow in Washington when the Senators play host to the Brooklyn Dodgers in a night exhibition.

Bobby Shantz of the Philadelphia Athletics was the shining light of yesterday's nine exhibition games. Although he was beaten 1-0 by the Pittsburgh Pirates on a home run by Frank Thomas, the little left-hander gave up just three hits and struck out nine as he went nine innings for the first time this spring.

Orloles Lose

Bob Purkey, a 24-year-old right-hander up from New Orleans, went the distance for the Pirates. He scattered six hits and didn't walk anybody.

There were two other shutouts. Clem Labine, Jim Hughes and Erv Palica combined to hold Milwaukee scoreless as the Dodgers whipped the Braves 6-0.

The Chicago Cubs edged Baltimore 2-0 on the four-hit pitching of Johnny Klippstein and Jim Brown.

Robin Roberts continued to take a spring pounding as the Detroit Tigers jumped on him for seven hits and five runs in five innings. The Tigers beat the Philadelphia Phillies 6-2.

Cincinnati hit five home runs in whipping Washington 9-4. Lloyd Merriman got two and Jim Green-grass, Wally Post and Ted Kluszewski one apiece. A three-run homer by Jim Hegan with one out in the ninth gave Cleveland a 10-8 decision over the New York Giants.

The Chicago White Sox pounded Gerry Staley and Joe Presko for 10 hits in six innings in defeating the St. Louis Cardinals 6-2.

Memphis of the Southern Assn. tripped the Boston Red Sox 6-5 and the Yankees trounced Charlotte of the South Atlantic League 12-3.

FAIRFIELD HI WINS 2ND TILT

Fairfield High School annexed its second straight baseball victory Monday afternoon by defeating Emmitsburg 10-2 at Emmitsburg.

Eight errors on the part of the Emmitsburg squad contributed heavily to the Fairfield victory.

Ed Spence, Fairfield hurler, gave up but two singles—both to Hahn, and fanned 12 batters. He also poled a pair of singles.

Next Monday Coach John McAndrews team will go after third straight to Quincy.

GREENSBORO, N. C. (AP)—Doug Ford, playing out of Klamath Lake, N. Y., raced around the 6,723-yard Star Mount Forest Country Club course in 2 hours 50 minutes and 72 strokes yesterday to win in their playoff for the \$2,000 top money in the Greater Greensboro Open Golf Tournament.

HERSHEY BEARS GOING STRONG

HERSHEY, Pa. (AP)—The surprising Hershey Bears will attempt tonight to move two games out in front of the defending champion Cleveland Barons in the American Hockey League's Calder Cup playoffs.

Only 10 days ago the Bears were almost counted out of the playoffs when they were behind 2-0 to the Pittsburgh Hornets in the semi-final series. But they came on with a surge to sweep the next three games and the series.

And Saturday night they whipped the Barons, 3-0, before a capacity home crowd in the opening game of the final best-of-seven series. Cleveland had breezed past Buffalo in its semi-final series and was a heavy favorite to repeat as champion.

The Bears, who have missed the playoffs only once in seven years, haven't won the title since 1947. They boast the league's leading scorer in George (Red) Sullivan. Cleveland has won nine out of its past 10 games and eight of its 14 regular-season games with the Bears.

BOXING TOURNEY AT PENN STATE THIS WEEKEND

STATE COLLEGE, Pa. (AP)—Only one defending champion will be on hand Thursday when the National Collegiate Boxing Championship Tournament opens for a three-day run at the Pennsylvania State University campus.

Last minute withdrawals were received yesterday from two boxers originally slated to defend their titles.

Ray Zale will be the lone title defender this year when he steps into the ring to ward off aggressors to his 178-pound class championship. The Wisconsin slugger is considered a favorite by many.

10 Pennsylvanians

Victor Kobe, 119-pound titlist last year from Idaho State, was forced to withdraw because of sickness. Tom Hickey, Michigan State, will be unable to defend his 165-pound class championship due to scholastic ineligibility ruled by his own school.

Ten Pennsylvanians, eight of them members of the host Penn State team, will participate in the bouts.

Bob Reid, Middletown, will represent North Carolina A & T College, and heavyweight Leo Coyne, McKees Rocks, will carry the colors of Maryland's eastern championship team.

Coach Eddie Sulowski's Penn State team will be represented by Harry Papacharalambous, 125 pounds, White Mills; Bob McMath, 132, Vandergrift; Larry Fornicola, 139, Bellefonte; Jack Stokes, 147, Philadelphia; Joe Humphreys, 156, State College; Frank Breidor, 165, Philadelphia; Adam Kols, 178, Uniontown; and Joel Goleman, heavyweight, Philadelphia.

bors know about it, so I don't see what we can do."

Purchase and placing of new guy wires for the fire company radio aerial at a cost of \$90.20 was approved by council. The prior guy wires broke during a recent storm. One half of the \$90.20 will be cut from the regular budgeted amounts allocated to the fire company.

Order Fire Hydrant In

Approval was given to the placing of a fire hydrant on Fourth St., near Water St., at the Bart-Al plant following receipt of a letter from Barton Foth asking such service and pointing out that a furniture factory is generally filled with inflammable materials. Council's check showed the nearest hydrant to be more than 300 feet from the plant, and it approved placing the new hydrant at a site to be selected by the municipal authority near the Bart-Al plant.

Approval was given to the installation of street lights in the Red Patch area and on the newly ordained section of Highland Ave.

peets to have at the end of this year at \$18,074.

The preliminary budget foresees a balance of about \$4,000 at the end of next year. One director observed: "That doesn't leave very much for unforeseeables."

Douglas Smith Sworn In

With an improving reimbursement fraction, Gettysburg expects to get \$80,034 in state appropriation next year as against \$66,000 this year. That \$66,000 does not include the recent \$11,799 payment which has been due for over two years.

Gettysburg dropped its per capita tax in 1938 when it was able to collect only 47 percent of a \$3 levy. A two-mill increase was voted in the real estate levy to offset the loss of per capita tax income them. The real estate levy here got up to 25 mills in 1948-49 and has held that level since.

Douglas Smith, named last month to fill the vacancy on the board caused by the resignation of County Treasurer Jacob G. Applier, was given his oath of office Monday evening by the board president, Mrs. Erma Poppay.

Dr. Lloyd C. Keefe, superintendent, after he laid the budget figures before the board, told the directors he is seeking someone to take the regular school census in Gettysburg this year.

The report of the treasurer, the First National Bank, showed a current general fund balance of \$21,212 after expenditures of \$30,705 were paid in the last month.

All members of the board attended Monday's meeting.

CHANGE MEETING TIME

The meeting of the second-year members of the Adams County 4-H Tractor Maintenance Club scheduled to be held Monday evening will be held instead at the Sheets Brothers establishment at Hanover on Thursday evening.

MARCIANO AND CHARLES SIGN

NEW YORK (AP)—Rocky Marciano signed yesterday to defend his heavyweight title against Ezzard Charles, the former titleholder, at Yankee Stadium June 17.

Jim Norris, president of the International Boxing Club, estimated a gate of \$600,000 and up for the match. Marciano gets 40 per cent international Boxing Club, estimated and Charles 20 per cent.

No decision has been made yet on television but it is believed likely that there will be theater-TV but no home television.

Somebody asked Charles if he was more confident about winning back the title this time than when he tried—and lost—to Walcott.

"It wasn't lack of confidence against Walcott," he said. "I didn't sense its importance at the time. It was just another fight. Now I know how much that title can mean."

Beaver Trapping Booms In Quebec

QUEBEC (AP)—A somewhat uncertain venture 22 years ago, Quebec's beaver industry has blossomed into a highly profitable business.

In recent years the annual value of beaver pelts has ranged from \$500,000 to more than one million dollars.

In 1932 the first provincial beaver reserve was established. Eight years later 800 pelts were taken from the 7,200-square mile reserve on the east coast of James Bay.

Today there are 11 reserves in northern Quebec. They cover 185,000 square miles. From these reserves nearly 26,000 pelts are expected this trapping season.

Broken Bones Fail To Throttle Skier

SEATTLE — Murray Heminger hopes the adage "all things come in threes" holds true for him. Then the 22-year-old former Hawaiian place-kicker for the Washington football squad will never have another broken bone.

He was sporting his third plaster cast of the skiing season after breaking a leg at Stevens Pass. Earlier in the winter he broke an arm. Before that he had a dislocated knee.

"Quit skiing? Not on your life," he grinned. "I hope to go to Chile to ski next summer."

New Easter Greeting Cards Have A Gay Make-Believe Air

The gay new Easter cards for Sunday, April 18, picture a make-believe world where flying saucers, income tax reports and housing shortages have never wrinkled a brow nor lifted an eyelash.

It's a world characterized by family picnics, tulips in bloom and children chasing butterflies. Bluebirds and robins nest in every tree-top, while hurdy-gurdy men grind out merrie melodies on street corners.

And as if such scenes may turn us all into spring fever addicts, one card prescribes a cure for that dreamy-eyed predicament, too. It pictures the Easter Bunny himself—medicine bottle in hand—saying:

It's Easter! It's Spring!
Time for merry lads and lasses
To take their sulphur and molasses!

Scintillating pastel color schemes have returned after several seasons of rich, off-shade hues. Easter card publishers explain:

"We've tried to capture more of the spirit of Easter and spring. Not as a camera sees it, but as a talented artist or child does. Pastel colors help convey this idea; so designers are using them more than ever before."

"April Showers"

Easter card verses, on the other hand, are putting that same feeling into words. One gaily proclaims:

The meadow's full of daisies and the fields
Are full of clover . . .
And Easter wishes
Meant for you are
Bustin' out all over!

The chances of possible "April Showers" evidently inspired a whole series of Easter cards this year. Several of them picture tiny chicks and ducks wading off raindrops with umbrellas made from eggshells and water lilies. One even shows a grinning little moppet huddled under an enormous

Ike Says Russia Unlikely To Risk War With U.S. Ready To Retaliate With Atomic Might

By ED CREAUGH

WASHINGTON (AP) — President Eisenhower told the nation and the free world last night Russia is unlikely to risk war so long as this country stands ready to strike back swiftly with all its atomic might.

As for the United States, he said, "We're not going to start a war" despite this country's advantage in atomic weapons.

The President declared, however, that Americans must prepare "very coldly and very carefully" against the danger that power-loving men in the Kremlin might "in a fit of madness or through miscalculation" plunge the world into a hydrogen-bomb-age holocaust.

Eisenhower went on all radio and television networks in a relaxed, half-hour plea for a sober facing of the atomic era facts of life—and a fervent warning against the perils of "fitters" and hysteria over communism, investigations of communism or the threat of depression.

Be Vigilant, Not Hysterical

"We don't have to fear!" he said. "Of course, there are risks, but we do not have to be hysterical. We can be vigilant; we can be Americans. We can stand up and hold up our heads and say, America is the greatest force that God has ever allowed to exist on His footstool. As such it is up to us to lead this world to a peaceful and secure existence, and I assure you we can do it."

In a plain effort to soothe some of the controversies boiling in this country, and to quiet H-bomb nervousness abroad, Eisenhower broke some new ground in this mainly off-the-cuff address delivered while relaxing against the edge of a desk in the White House basement.

Few Reds In U. S.

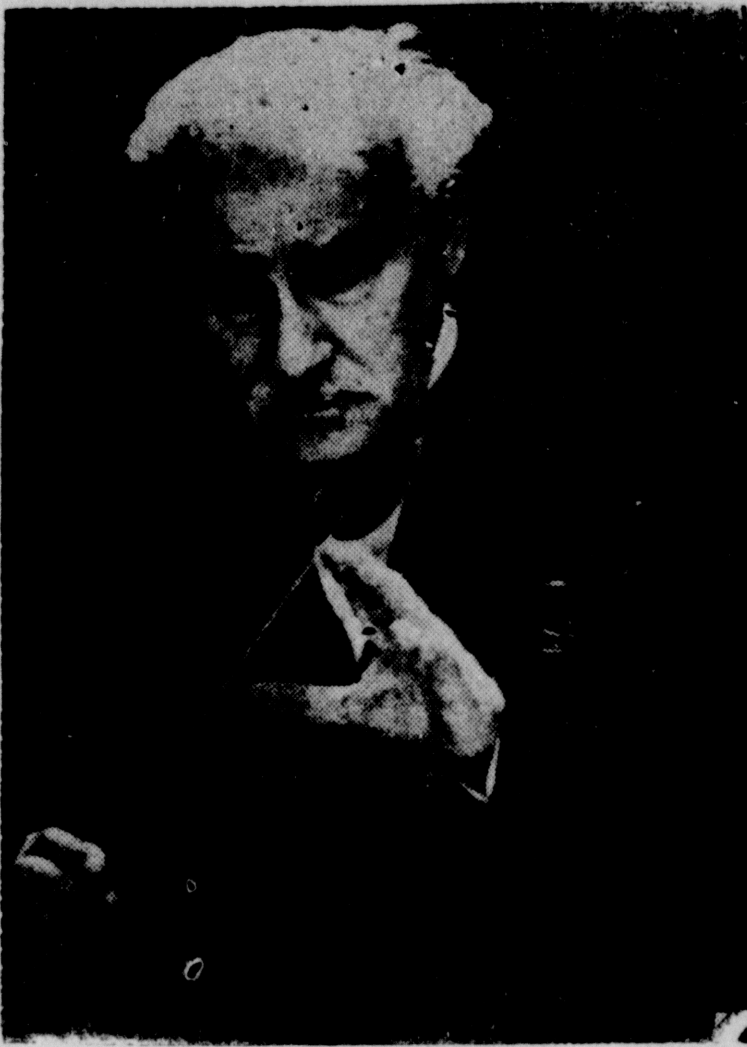

He said the FBI—rather than congressional investigators—is the nation's "great bulwark" against Communist infiltration.

He said "very grave offenses" can be committed against innocent persons by "someone having the immunity of congressional membership"—though he voiced confidence that in the long run public opinion "will straighten this matter out wherever and whenever there is real violence done to our people."

And he said that while Communists in this country are dangerous and must be pinpointed, their number is "minute" and is often exaggerated.

USSR Weak Economically

Actually, he said, there aren't more than 25,000 doctrinaire or dyed-in-the-wool Communists and

"the great mass" of government workers and other Americans are "just as dedicated as you and I."

On another home front topic, he said unemployment "happily shows every sign now of leveling off."

The government is ready to undertake anything necessary to prevent a depression, he said, but "does not intend to go into any slam-bang emergency program unless it is necessary."

The great factor working for peace, Eisenhower said, is Russia's "economic weakness" compared with the mighty American industrial machine.

"Of all these sobering effects," he said, "none is greater than the retaliation that would certainly be visited upon them if they were to attack any of our nations or any part of our vital interests aggressively and in order to conquer us."

Ancient Rome kept standard weights and measures for the empire in one of its temples.

Three Are Killed In Train Accident

MONTREAL (AP)—A speeding Canadian National Railways passenger train collided early today with freight cars on a siding near Montmagny, Que., killing three crewmen. No passengers were reported injured.

A CNR spokesman here identified the dead as J. D. Levesque, engineer, and Gaudiose Thibault, fireman, both of Riviere du Loup, Que., and E. Belanger, brakeman, of St. Vallier, Que.

The spokesman said the 12-car train, the Ocean Limited, was en route from Halifax to Montreal when the collision occurred near the outskirts of the St. Lawrence River south shore village 35 miles east of Quebec. About 68 passengers were believed aboard the all-sleeper train.

UNION CAUSES HOSIERY FIRM TO CLOSE OUT

PHILADELPHIA (AP)—Stockholders of the Apex Hosiery Co., one of the largest in its field, have voted to discontinue operations, President William Meyer said here yesterday.

Meyer said 85 per cent of the company 50,000 shares voted to give the board of directors authority to formulate a plan for cessation of operations. "It may take weeks or a couple of months," the executive said.

The stockholders of the 53-year-old firm met yesterday at a special meeting. Meyer said the company was forced to halt operations because of a refusal of the AFL's American Federation of Hosiery Workers to take a pay cut.

High Wages Hurt

Meyer said Apex is unable to compete with most of the industry because of wage differentials and other trade policies, particularly in the South. The company president said the Apex employees had agreed to accept a wage cut but that the union's national executive board disappeared.

William M. Leader, president of the union's Branch 1, confirmed the fact that Apex employees agreed to the pay cut which he said was 23 per cent. But in explaining the executive board's action, he said, "We were afraid it would affect national agreements covering other shops."

Apex has a plant in Spring City, Pa., as well as Philadelphia.

the teaching of traffic safety.

Rev. Herman G. Stuepfle, pastor of Christ Lutheran Church and chairman of the group, urged Adams Countyans to contribute to the local association for retarded children, "a project in which the entire community is concerned."

Miss Bettie Livermore, secretary of the Adams County Child Welfare Service, representing the social agencies, declared: "Formerly, our hands were tied because the retarded child could not use regular school channels, but this day-care center proves that the problems of mentally-underdeveloped children are soluble."

Other Speakers

Dr. Harvey D. Hoover, representing the Adams County Ministerium, said that Mrs. Routsong, the teacher, and Mrs. Fred Renner, Fairfield, who issued the first invitations for the formation of the association, "are to be commended, supported, and prayed for."

Mrs. Charles A. Smith, president of the Gettysburg PTA, likened the problems of the retarded to the Negro spiritual "All God's Chillun Got Wings." She said, "The retarded child will always be the fledgling of the flock, never being able to reach the tree tops. They will always need comforting and protection."

Others who spoke at the dedication service were G. Edward Taughnbaugh, county commissioner, and Dr. George Stauffer, superintendent of special education in Adams County. The Rev. Clyde R. Brown, pastor of the Presbyterian Church, delivered the invocation. The Rev. Fr. Wallace A. Sawdy, assistant pastor of St. Francis Xavier Catholic Church, gave the benediction.

8 TORNADOES HIT MID WEST; NO LIVES LOST

By The Associated Press

Wet and mild weather was the outlook for wide areas in the eastern half of the country today.

Thunderstorms and April showers were reported over Midwest and eastern and southern areas during the night and early today.

At least eight tornadoes struck Midwest areas yesterday—five in Iowa, two in Missouri and one in Kansas. There were no deaths or injuries reported but there was heavy property damage, mostly in rural areas. Six of the twisters hit the southwest Iowa-northwest Missouri region while others struck at Riley, Kan., and in central Iowa.

Gusty Winds

Gusty winds up to 60 m.p.h. accompanied the thunderstorms in some sections, including Chicago. The storms were in northeastern Missouri, eastern Iowa, southern and eastern Wisconsin and northern Illinois.

Light showers fell over areas north of the Ohio River eastward through Pennsylvania. There also were light showers in the eastern Gulf states and Georgia.

Mild weather was reported in most areas although it continued a little cool in New England. It was warm in the Gulf states northward to the Ohio Valley and lower Missouri Valley. Record readings for

Navy Bomber Falls Into Sea; 3 Rescued

SAN DIEGO, Calif. (AP)—A Navy torpedo bomber crashed at sea 12 miles offshore last night with four men aboard, three of whom were rescued. The fourth man was unaccounted for and presumed dead.

A Navy helicopter searching the crash area was reported overdue at 11 p.m. The Navy said its gasoline supply would have been exhausted by that time. It carried two officers.

The submarine Bream, which was operating in the area, picked up the three torpedo bomber survivors. All were reported suffering from exposure and minor injuries.

The Navy identified the missing man as Robert E. Mark, 22, Aviation Electronicsman 3.C. He and those rescued were all residents of the San Diego area.

She had long been connected with the running of the Tolstoy Museum on the author's former estate outside Moscow, Yasnaya Polyana, where she is to be buried.

The date was reported in some areas. It was 86 in Lamar, Colo., compared to an average April 5 reading of 59.

Temperatures along the East Coast ranged from 44 at New York City to 73 at Miami.

RED CHINESE ARE CALLING IKE'S HAND IN INDOCHINA

By JAMES MARLOW

WASHINGTON (P)—The Red Chinese are gradually calling the Eisenhower administration's hand in Indochina. Now it's a question of how much further they go before the administration puts up or backs up.

Secretary of State Dulles has been talking for the administration on what it would do if the Red Chinese intervened in Indochina to help the Communist-led Vietnamese against the French and Vietnamese.

He has talked of it impressively and repeatedly but so vaguely that two congressional committees, after hours of questioning, did not pin him down on what the administration has in mind.

Playing By Ear?

This may have the virtue of keeping the Communists guessing. It also keeps Americans guessing and raises the question: Does Dulles have a policy ready to apply if crisis comes, or is he playing by ear?

In a speech in St. Louis last Sept. 2, and again in a New York speech March 29, he warned the Red Chinese against sending their army—it turns out now he was emphasizing "army"—into Indochina.

If that happened, he said, "the Chinese Communist regime should realize that such a second aggression (after Korea) could not occur without grave consequences which might not be confined to Indochina."

Warned About Army

But in the same March 29 speech he revealed the Red Chinese have recently sent in 2,000 men to help the Vietnamese, whose leader, Ho Chi Minh, is a Moscow-trained Indochinese.

Yesterday Dulles told the House Foreign Affairs Committee Red Chinese were operating antiaircraft guns for the Vietnamese and shooting down French planes around Dien Bien Phu, where the French are making a do-or-die stand.

Asked about his warning to the Red Chinese about intervening in Indochina, Dulles noted he had

RFC OFFICIAL DIES

WASHINGTON (P)—The resignation of Kerton R. Cravens as administrator of the Reconstruction Finance Corp. has been accepted with expressed reluctance by President Eisenhower.

Cravens left government employment yesterday to return to his private post as an executive of the Mercantile Trust Co. of St. Louis, Mo.

warned the Chinese they should not send in an army.

But in a war like the one in Indochina a few thousand technical experts, supplied at the right time and place against the hard-pressed French, might be enough to wreck them without need for a full-size Chinese army.

UNION LEADER "QUITS" PARTY FOR ROOSEVELT

LOS ANGELES (P)—The head of the big Los Angeles local of the AFL Retail Clerks Union has resigned from the National Democratic Party Advisory Council on the ground that there is a conspiracy "to wreck the name of Roosevelt."

The resignation of Joseph T. De Silva, secretary-treasurer of the local, followed the suggestion of Democratic National Chairman Stephen Mitchell that James Roosevelt withdraw from the 26th District congressional race in California. Roosevelt refused, saying the suggestion, if generally accepted, "would open the door to political blackmail."

Mitchell said in a letter to Paul Ziffren, California Democratic national committeeman, that "I believe most Democrats would feel that the candidate would serve his party best by standing aside from election contests until personal problems are disposed of in the proper place." He said the party is not supporting Roosevelt or Rep. Robert Condon (D-Calif.).

In Court Squabble
Roosevelt is involved in a spectacular separate maintenance suit with his estranged wife, Romelle, in which she accused him of infidelities with 12 women, which he has denied. Trial of the suit is pending.

Rep. Condon was barred by the Atomic Energy Commission from a Nevada test last May 7. Mitchell's letter said a Senate-House committee, before which Condon had a hearing, has made no decision and the AEC has not lifted the ban. Condon, who has denied under oath that he is a Communist, has called the ban "state political charges."

De Silva made public last night a letter he wrote to Mitchell, saying:

Charges Conspiracy
"I no longer wish to maintain any working relationship... with the Democratic party as long as you remain the national chairman. Your conspiracy with Paul Ziffren, national committeeman from California, and Clinton McKinnon, Los Angeles Daily News publisher, to wreck the name of Roosevelt is all too apparent and too much for any supporting Democrat to bear."

"Your unwarranted interference in a primary election is unforgivable and can only result in division and defeat for the Democratic party. Your handling of the James Roosevelt affair and that of Rep. Condon of northern California points to panic-motivated leadership not called for in these times."

Roosevelt told a reporter that he had no comment on De Silva's action.

LAUDS NEWSPAPER
HARRISBURG (P)—A member of the State Liquor Control Board yesterday praised the role of the newspaper circulation program in building character in boys.

"Newspapers today are filling a vital role in building character into youth in their relations with carrier boys," David R. Perry of the state board said in a speech before members of the Interstate Circulation Managers Assn.

REDS MAY GET WARNING FROM FIVE NATIONS

PARIS (P)—The Eisenhower administration has proposed that the United States, Britain, France, Australia and New Zealand issue a strong warning to "Communist aggressors" in Southeast Asia. French Foreign Ministry sources said today.

They declined to disclose the terms of this warning, but said it is being studied by the ministry.

It clearly would be a warning to Red China against more active participation in the Indochina War.

One source said the declaration would resemble that made last August by the 16 Allied powers participating in the Korean War. This said:

"We declare in the interests of the peace of the world that if another armed attack should occur, constituting a new provocation against the principles of the United Nations, we would be united and ready to resist."

Grave Consequences

It added that the consequences of such a break of the armistice would be grave and in all probability it would not be possible to limit hostilities within the frontiers of Korea.

The ministry sources said the declaration on Indochina and Southeast Asia had been the subject of a conversation between U.S. Secretary of State Dulles and French Ambassador Henri Bonnet last Saturday.

They added that perhaps Asian countries would be invited to join in the warning to the Communists. Socialist deputies urged the French government today to give the National Assembly a report on Indochina War developments at a secret meeting.

Gilbert De Chambrun, a Progressive (neo-Communist) deputy, also called on the government to explain its stand in Indochina. He asked for confirmation that the government still aimed at trying to negotiate a settlement in Indochina and insisted that the government promise not to internationalize the war.

Lone Flier Returns From European Tour

TEL AVIV, Israel (P)—Leo Seren of Washington, D. C., landed here yesterday after a leisurely flying tour of Europe. He started his trip by winging across the Atlantic in his small single-engine plane.

Seren, 36, described himself as a physicist, philosopher and farmer. He said he planned to move soon to his farm at Beavertown, Pa. Seren said he left Washington Jan. 23 for Europe, landing en route at Gander and the Azores. Since then, he added, he has visited Spain, Portugal, France, Switzerland, Italy and Greece.

His total flying distance thus far, he said, was 7,835 miles. He plans to fly back to the United States by way of London, Iceland and Labrador.

When Intent won the San Juan Capistrano Handicap last spring it was his second straight victory in the race.

WEATHER CURBS RESCUE EFFORT

WESTOVER AIR FORCE BASE, Mass. (P)—Overcast skies in the northeast kept rescue operations to a minimum today in an Air Force search for Col. William H. Council, jet ace missing since yesterday.

Col. Council, who once held the jet speed record from Los Angeles to New York, left the Republic Aviation Co. at Farmingdale, N. Y., at 10:48 a. m. yesterday in a T33 jet trainer on an estimated

one-hour flight to Langley Air Force Base, Va.

Republic officials said the 42-year old pilot, who directs Tactical Air Command programming at Langley, carried enough fuel to keep him airborne for about three hours.

Council, son of Mr. and Mrs. W. M. Council of Ingomar, Pa., makes his home at Langley with his wife, the former Lillie L. Slay of Alexandria, La., and their daughter, Frances, 10.

Kelly said that Moloney passed two bogus checks in stores here and was attempting to pass another when arrested.

Russia Agrees To Geneva Meet Plan

LONDON (P)—A foreign office spokesman said today the Soviet Union has agreed to the technical arrangements proposed by the Big Three Western powers for the Geneva conference on Asian affairs.

The Russians gave their agreement in a note handed American Ambassador Charles E. Bohlen in Moscow yesterday. Bohlen acted on behalf of the United States, France and Britain in talks with the Soviets on the 20-nation Geneva meeting, scheduled to begin April 26.

The West suggested—and the Russians have agreed—that the official meeting place will be the Palais des Nations.

English, French, Russian and other languages when appropriate will be the official languages.

Costs of the conference will be shared among all participating nations.

YORK, Pa. (P)—A 17-year-old York man was killed almost instantly yesterday when the car in which he was riding struck a utility pole on Rt. 24 near here.

Police identified the dead man as Rufus Kyle Pierce. They said he was a passenger in a car driven by Philip F. Redmond, 37, of Red Lion. Redmond was admitted to York Hospital with serious injuries.

HORSE PLAYERS PUZZLE SCRIBE SO HE QUERIES VICTIM OF BUG

By HAL BOYLE
NEW YORK (AP)—I must confess an inability to appreciate horse players. The mere act of living today seems to me to require such interesting but desperate gambles that I am puzzled by a man who will steadily adventure his dough on horses he hasn't even met socially.

Last Saturday some 40,220 people went out in 32-degree weather to the Jamaica Racetrack and bet \$3,160,780. Among them was a friend of mine, a hard-working man afflicted with hoofbeat-ringing of the ears, who dropped \$62.50, his entire wad.

He was cold, shivering, broke—and deliciously happy.

Here's The Difference
"Would you do me a favor?" I asked him. "Please tell me the difference between a horse player and a human being."

Here is his answer—the philosophy of an incurable horse player: "The horse player is the gamest of all sports fans. He takes the most punishment—in taxes, admission fees and the way they hypo the food and drink prices once they get him out to the track."

"But a real horse player will turn out in the face of a blizzard, a hurricane, a fog—even an earthquake. He knows the big tracks are honest, but even if the races weren't on the level he'd still come out. He has an unbounded belief

in the axiom, 'some horse has to win—and it might be the one I got my money down on.'

Glamor, Color, Beauty
"It's hard to say what makes a horse player. Many things. The glamor and color . . . the beauty of the horses themselves. Even a plater, the cheapest horse on the track, is still better to look at than the average human being."

"Then there's the excitement of the race itself . . . your emotions are out there riding as well as your money. The biggest kick of all is to see your horse come from last place to win in a stretch rush. Winning when it seems like you can't win . . . what greater thrill is there in life?"

"I'll admit there is no doubt that horse playing has ruined some lives. But I've also heard there's a case in the medical records of a man who actually drowned himself by drinking too much water."

"No horse player ever drowned at a well-run track."

EASTER greeting cards for Sunday, April 18, are now clicking through Post Office cancellation machines at a million-plus rate per day. Keynote of the 1954 designs is an emphasis on dramatic reverent scenes like those shown here. Typical of the best in Easter card craftsmanship, their colorful illustrations of the Risen Saviour, choir boys and many other symbolic themes exemplify the glory of Easter, both past and present. Easter card publishers have discovered, incidentally, that modern and traditional designs are now equally popular throughout the nation.

Sunday visitors at the home of Mr. and Mrs. Hilary R. Kennedy were Mr. and Mrs. William B. Wierman, Dillsburg; Mr. and Mrs. John B. Wierman, Harrisburg; Miss Beatrice Rupert and J. R. Rupert, Carlisle; Mrs. Oliver Lenhart, Mrs. Blanche Brown, Mr. and Mrs. Charles Spahr,

SEEK TO APPEAL COURT RULE ON \$50 MILK FINE

HARRISBURG (AP)—The Pennsylvania Milk Control Commission today sought legal grounds on which to appeal a Montgomery County Court decision that set aside \$50 fines imposed on three milk producers and dealers.

"If we find we can appeal, we will," said Joab K. Mahood, commission chairman. "Our attorneys are studying the laws for grounds for an appeal."

The point at issue, Mahood said, is whether dairymen are responsible for knowing and complying with commission regulations posted in the commission's offices.

The commission charged that the dairymen failed to comply with its regulations by not submitting lists of dealers to whom they sold milk by a June 15, 1953, deadline. The regulation was posted May 29, 1953.

Judge George C. Corson contended in his decision that the dairymen "would have great difficulty" in learning of the regulations when they were posted in the commission office at Harrisburg.

Mahood said "there was no question that the people involved got due notice." He added that copies of commission orders are mailed to all milk dealers. The commission also disseminates its orders through the press and trade journals.

Mahood said the legal question involved now is whether a state agency may appeal a court decision absolving a defendant—in this case the three dairymen.

In most cases involving govern-

ment prosecution the law prohibits appeals by the government against decisions favoring a defendant.

Commission regulations stipulate that a dairy producer or dealer is responsible for knowing state laws and regulations involving its marketing area.

Burden On Dealers

Judge Corson ruled that expecting dealers to be aware of orders posted in Harrisburg places "a terrific burden on all milk dealers."

"Every milk dealer or producer subject to such orders would have to start immediately after milking the cows in the morning or make a trip to Harrisburg to see whether rule No. 479-B-12 had been posted in the office of the commission," Corson said.

While there is no law requiring the commission to notify individual producers, Mahood said, the commission attempts to circulate new orders as far as it can. He reiterated that milk dealers receive notice of new regulations or changes in regulations by mail.

As compared with 1939, the average American in 1953 ate 1,250 per cent more frozen vegetables, 900 per cent more baby foods, 738 per cent more frozen fruit and fruit juices, 218 per cent more canned fruit juices, 80 per cent more canned soup and 71 per cent more ice cream.

WALKER CLAIMS SUPPORT FROM DUFF, TAYLOR

HARRISBURG (AP)—Sen. John M. Walker, Allegheny, claimed support today from U. S. Sen. James H. Duff and Sen. M. Harvey Taylor, Republican state chairman, for his candidacy for the GOP nomination for Superior Court at the May 18 primary.

Walker also listed a group of other party leaders as supporting his candidacy and said he did not think he was "bucking the organization."

Walker, who led Senate opposition in 1951 to Gov. John S. Fine's state income tax proposal, said on a television program (Capitol Correspondents) last night that he failed to get Republican organization support for his candidacy because of "too much Fine."

Walker was Republican floor leader of the Senate during the fight over the governor's income tax proposal, which failed of passage. Walker was replaced as floor leader at the 1953 session by Sen. Rowland B. Mahony of Crawford County.

Sen. Duff, Walker said "regards

my candidacy very highly, but he did not ask me to make the race, although I'm running with his blessing."

Sen. Duff, whose relations with Fine cooled after their 1950 victory, did not attend the Republican state making conferences, but approved the endorsement in Lt.-Gov. Lloyd H. Wood as the organization candidate for governor.

Sen. Taylor also was absent at the conference of party leaders at which Judge George W. Griffith, Cambria County, and former Judge Ralph T. Bell, Allegheny County, were endorsed for the Superior Court.

Taylor signed the nominating petitions of both Griffith and Walker but has withheld a public statement as to whether he is supporting Walker against Bell. Judge Robert E. Woodside is the third organization-endorsed candidate for the superior court.

McCarthy Took His Charges To Senate Floor Early In 1950 As Enemies Grew More Numerous

By BEM PRICE
WASHINGTON (AP)—Shortly after 4 p.m. on Feb. 20, 1950, the junior member from Wisconsin, Joseph R. McCarthy, Republican, gained the floor of the United States Senate.

"About 10 days ago . . . he began, 'I made the statement that there are present in the State Department a sizable number of Communists. I made the further statement that of one small group which had been screened by the President's own security agency, the State Department refused to discharge approximately 200 . . . 'The secretary of state promptly denied my statement and said there was not a single Communist in the whole State Department. I thereupon sent a telegram to the President."

Read Wire To Truman
McCarthy read a copy of this telegram. In it he said:

" . . . I have in my possession the names of 57 Communists who are in the State Department at present."

"While the records are not available to me, I know absolutely of one group of 300 certified to the secretary of state for discharge because of communism. He actually only discharged 80 . . ."

The telegram demanded that

President Truman revoke his executive order forbidding disclosure of the contents of loyalty files and added: "Failure on your part will label the Democratic party as the bedfellow of international communism."

Didn't Clear Up Conflicts
The statement he described had been made at Wheeling, W.Va., before a Republican women's club. Newspaper stories had quoted him as saying at Wheeling: "I have here in my hand a list of 205 that were known to the secretary of state (then Dean Acheson) as being members of the Communist party and who nevertheless are still working and shaping the policy in the State Department."

The next day, having flown to Salt Lake City, he was quoted in a recorded radio interview as saying: "Last night . . . I stated I had the names of 57 card-carrying members of the State Department."

If McCarthy's listeners in the Senate had expected him to clear up his seeming self-contradictions, they were to be disappointed. Instead, he went on—for six hours altogether—to rake the State Department from every angle.

Bitter Enmity Grew
As that evening, in 1950, wore on, McCarthy began reading into

the Congressional Record what he said were the case histories of Communists or fellow travelers in the State Department. He said he had now compiled a list of 81.

McCarthy named no names. He said he would give them to senators in private or to a committee and that if he were called upon to testify on them before a committee he would appear under oath.

He simply listed his cases as Case No. 1, and so on through 81. Two days later the Democratic-controlled Senate set up a subcommittee of the Committee on Foreign Relations to make an investigation. Sen. Millard E. Tydings (D-Md) was named chairman, and one of the end results of the investigation was a bitter enmity between Tydings and McCarthy.

Millions Of Words
The committee called McCarthy as its first witness March 8. In four months of hearings the committee heard 35 witnesses and some three million words of testimony.

The Democratic majority of the Tydings committee, as it came to be known, said in its final report that the 81 cases discussed by McCarthy on the Senate floor were drawn from a list of 106 presented before a House subcommittee on appropriations in 1947. The majority also said it found these same names had been presented to three other House committees and had been discussed on the floor of the House Jan. 28-29, 1948.

The Tydings committee Democrats concluded: ". . . The charges of Communist infiltration upon the State Department are false . . . We have seen the technique of the 'big lie' elsewhere employed by a totalitarian dictator with devastating success employed here for the first time."

Lodge Files Views
A Republican committee member, Sen. Henry Cabot Lodge Jr. of Massachusetts, filed his individual views on the subject raised by McCarthy. Lodge said:

"The fact that many charges have been made which have not been proved does not in the slightest degree relieve the subcommittee of the responsibility for undertaking a relentlessly thorough investigation of its own . . . 'There was a tendency throughout the investigation to give a far greater amount of time to proving or disproving individual charges than was given to the overall problem of ferreting out disloyal persons.'"

Won Headlines
All the while the committee was in session McCarthy kept up a drumfire of headline-winning statements. Two involved widely known Americans—Owen Lattimore, then a professor of international relations at Johns Hopkins University and Philip C. Jessup, U. S. ambassador-at-large under a temporary appointment.

On March 26, McCarthy said Lattimore was the man he had described as the top Soviet espionage agent in the United States. McCarthy called Lattimore a key State Department consultant, "chief architect of our Far Eastern policy."

McCarthy charged Jessup was a man with an unusual "affinity for Communist causes."

Lattimore Indicted
Three former secretaries of state—Cordell Hull, James F. Byrnes and George C. Marshall—and the then secretary Dean Acheson denied that Lattimore had had anything to do with construction of Far Eastern policy.

The committee Democrats concluded: "We find Owen Lattimore is not now and never has been in any proper sense an employee of the State Department . . . We have no evidence to support the charge that Lattimore is 'a top Russian spy' or any sort of spy."

Nearly three years after the Tydings committee report, however, a grand jury in Washington on Dec. 16, 1952, indicted Lattimore on seven counts of perjury.

Appeal Is Pending
In May 1953 four of the seven counts against Lattimore were tossed out by U. S. District Judge Luther Youngdahl. Youngdahl said there even was some doubt as to whether the remaining three indictments would pass the test of materiality.

The chief charge against Lattimore is that he lied when he said he had never been a Communist sympathizer or promoter of Communist interests. After Youngdahl's action, the government appealed to a higher court for reinstatement of the charges. This appeal is still pending.

Jessup appeared before the Tydings group and under oath swore he was not and had never been a Communist. He produced letters in which Gen. George C. Marshall and Gen. Dwight D. Eisenhower vouched for his loyalty and integrity.

He's A Political Issue
The committee Democrats said the record showed "facts which conclusively demonstrate that Dr. Jessup is actively opposing the aims of communism by deeds as well as words."

Whatever the truth or untruth of McCarthy's charges before the Senate Feb. 20 or his subsequent statements, they provided a rallying point for some Republicans in their attacks on the Democratic administration.

McCarthy now had become a political issue. His charges were to ring through the next campaign.

(Tomorrow: Men who bucked McCarthy)
Menil Mavrides, Notre Dame guard, kicked 14 consecutive points model school record. He then missed after touchdown in 1953 to set a his next three in a row.

New Oxford

NEW OXFORD—The infant daughter of Clair and Janet Haar Gruver, Hampton, has been named Joanne Corrine.

The Rev. Philip J. Gergen, pastor of the local Catholic church, has returned to the local rectory after a short visit with his relatives at his former home in Shamokin.

Barbers from this place were among the group who recently served as volunteers to give hair cuts to the boys at Paradise school.

Mrs. W. Lewis Kroft, East Berlin, formerly Nadine Hensel this place, is able to be about after several days' confinement to her home with a bruised spine sustained when she slipped and fell down a flight of cellar steps at her home.

Mr. and Mrs. E. L. Wehler had as recent guests her granddaughter, Mrs. Dorothy Wehler Rollins, and her husband, Dr. Rollins, San Antonio, Texas. Mrs. Rollins, a former resident of New Oxford, was raised by her grandparents after the death of her mother when she was a small child.

Mr. and Mrs. Owen Shoemaker, Pine Run, were among guests a round party at the home of relatives, Mr. and Mrs. Myri Shoemaker, Dover.

One of the many improved facilities added during the past year for the convenience of parishioners of the local Catholic church is the hearing aid placed in one of the confessionals.

Traditional Memorial Day services at the cemetery of the Pines Lutheran church, New Chester, will take place on June 5, the first Saturday after Memorial Day.

There's nothing quite like money in the bank

How's that?

"Well, sooner or later everybody needs ready cash. It's handy but safe when it's in my savings account. And having a growing account at the bank is one of the best ways to get a good credit rating—a mighty convenient recommendation when you need a loan."
